SCHUYLKILL COUNTY ACCELERATED + ONLINE LEARNING

Maybe your student wants to take a class but has no room on their schedule during the regular semester?

Does your student want to take the prerequisite for a class over the summer?

Are they looking to advance and move to the next level of a course?

You'll find choices and solutions with the Schuylkill County Online Learning summer program.

Students may choose from a list of online classes. Our multimedia-based curriculum engages students in the learning process with video presentations by highly qualified subject-certified teachers, and online projects to ensure students master the instructional content. At the successful completion of the class, students will receive a full credit.

Credits are accepted by those districts working with Schuylkill County Online Learning and are NCAA approved.

Flexibility & Convenience

Students may access course materials anytime (24/7) and anywhere they are connected to the Internet. They may even continue to make progress on their coursework during a family vacation or an out-of-town visit with friends or relatives. A teacher is always available to help each student stay on track.

Local Support

Students and parents can rely on the Schuylkill County Intermediate Unit for ongoing support. We provide:

- Virtual student orientation
